

WESCO®

Multi
containers

Fantasy

There is always something to be thrown away. Other things need to be stored or kept in stock. This raises the questions: how can items be discarded or stored in a way that is both easy and in keeping with your own style? Which storage solution is ideal and at the same time attractive looking?

The answer is **WESCO®**: multi-containers that work perfectly for a wide range of purposes and look brilliant. They are imaginative, attractively shaped, robust, lively and confident. Whether for waste, as ashtrays, food storage or for collecting a wide array of items - with balanced proportions, cheerful colours and consistent user quality, **WESCO® multi-containers** are perfect wherever they are.

Invented by WESCO®, systematically continued by NABER!

WESCO®

Waste containers

Always positioned precisely where waste accumulates. Yet by no means a foreign body, they are an attractive part of the home or business ambience: the **WESCO® multi-containers**.

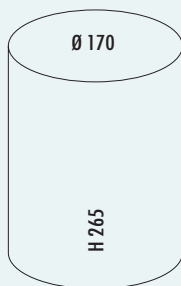

The shapes are varied and ingenious. Round shapes are central features in the room, create a harmonious effect and balance out edges and corners. Rectangular collectors fit snugly against walls and corners, making optimum use of the space available. All the shapes have more volume than the dimensions of the base suggest.

The sizes are as varied as the rooms and needs of the users. From the **cosmetics bin** with the smallest volume and the **Mini Master®** for children's rooms or bathrooms to the **double waste collector** or the gigantic **Big Swing®** for big quantities of waste – there is a wide choice of sizes and shapes.

The special charm: almost all models are available in a wide range of colours, from subtly understated to cheerful and lively.

The material is high-quality coated sheet steel. Anti-slip base structures provide stability, and built-in dampers mean that the lids close almost without a sound. Depending on the use, the inserts are made of plastic or metal. A sturdy foot pedal makes for easy operation and a firm grip when opening.

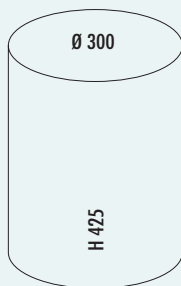

Clear design, reliable functionality, generous waste openings, odour-free sealing of the contents: quite simply the way waste collectors should be!

Bathboy 3L

- waste capacity 3 litres
- powder-coated sheet steel body
- plastic insert
- metal/plastic foot pedal
- plastic base ring

WESCO®

Outdoor

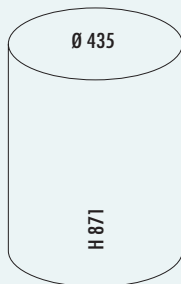

Where people gather outdoors, they often smoke. The **WESCO® ashtrays** have enough volume, look smart and, with their stability and functionality, are ideal for outdoor use. In shopping arcades, entrance areas, airports or restaurants, they also act as elegant eye-catchers and turn the necessary into something special.

The **WESCO® ashtrays** are available in either high-quality powder-coated sheet steel or stainless steel. With its attractive appearance and reliable functionality, the stand-alone model invites people to use it.

The ashtray in letterbox format for wall mounting can be locked on the side with a triangular socket wrench and is therefore particularly vandal-proof.

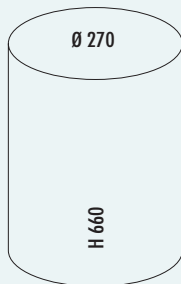

Good idea: the model **Big Ash®** with an ashtray for filling with sand, sieve insert and 120 litres of waste volume. The large, coated roof protects the ashtray from the rain.

WESCO®

Storage

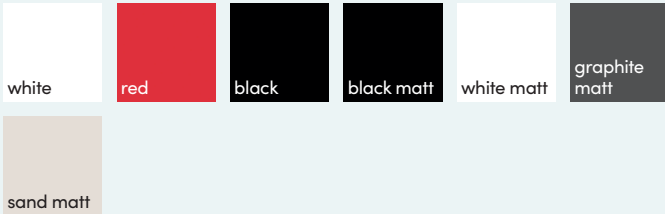

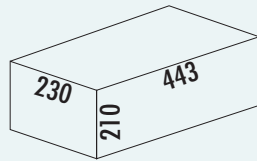

The fresh and hygienic storage of bread, rolls, pastries and many other things requires suitable storage containers. **WESCO®** provides intelligent optimised solutions!

The swing lid of the classic **Bread-boy®** glides almost soundlessly up and back. The generous opening makes the handling of baked goods easier, while small ventilation holes provide optimum air circulation to keep them fresh for longer.

Grandy® and **Single Grandy®** are the ideal bread boxes. Solid metal hinges give them reliable stability. Appealing colour combinations and rounded shapes are pleasing to the eye. The smallest model, the **Mini Grandy®**, is also ideal for storing jewellery or medicines or for small toys in the children's room.

The retro centrepiece **Single Elly®** is the perfect bread box for small kitchens. The storage and biscuit tins of the **Classic Line** model provide an attractive companion in shape and colour. Their tight-fitting lids are ideal for storing perishable provisions such as coffee, sugar or flour.

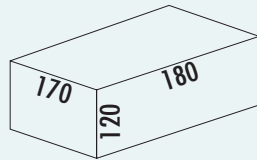

Kitchen rolls and toilet rolls are stored stylishly and ready to use in the **WESCO® paper roll holder**. 11 colours make for a lively selection. And, as with all **WESCO® containers**, the high-quality powder-coated sheet steel makes for indestructible durability.

WESCO®

Laundry & bathroom

Collecting dirty laundry in the right place, disposing of "small" items of rubbish, and keeping stocked up on kitchen roll and toilet paper should always be quick and easy. Getting it all done with ease requires the right accessories. The ideal solution: the airy laundry boxes, the smart small and large waste containers and the paper roll holder from **WESCO®**!

Personality and charm also play their part. These are precisely the qualities with which **WESCO®** **products** have won the hearts of end consumers for many years. Whether it's the **laundry box**, **waste collector** or the multi-talented **paper roll holder**: they are good looking, perfectly proportioned, strong and sturdy.

So they are quick to demonstrate their excellent quality in use. And because they set visible yet restrained highlights with contemporary colours and balanced shapes, they are at home anywhere!

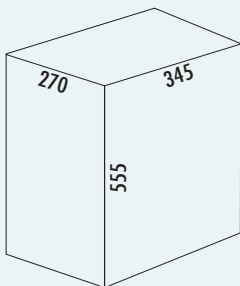

Laundry box

The cheerful appearance of functional everyday solutions is typical of WESCO® products. With its dot design, the solid metal container of the laundry box radiates positivity. The airy insert has a volume of 32 litres. The duo variants come with two inserts. The difference between Duo 1 and Duo 2 is in the dimensions: in variant 1, the long sides of the inserts touch each other; in variant 2, the short sides. This flexibility means that the large-volume solution can also be accommodated in smaller spaces.

Laundry box Single

- capacity 32 (1 x 32) litres
- powder-coated sheet steel body
- insert white perforated plastic
